- If networking is declined, Applied Imaging is not responsible for print driver installation.
- If networking is declined, Applied Imaging will transfer the address book and all machine networking information to the new device, plug in network cable and power cable as a basic install.
- Applied Imaging performs all networking assistance remotely. No exceptions.
- Applied Imaging will install one print driver on up to five (5) workstations or one (1) print server. If additional print drivers are needed there will be an additional charge of \$175 per hour.
